**HOAGLAND'S NEW PATENT SHAFT COUPLING! W. E. COOPER**

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive **Carriage Factory,** Corner of Second and Morrison Streets. He respectfully refers to the following

CARD.

Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.

It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restive horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.

It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

### WASHINGTON TERRITORY

[From the Walla Walla Statesman, May 14.]

The engagement made by our merchants and business men to close up on Sunday, goes into effect immediately, and after this date no business will be transacted on Sunday.

We understand that orders drawn on account of expenses incurred at the late term of the District Court have exhausted the funds in the county treasury. Parties who are in a position to know estimate the expenses of the term to the county at $5,000.

A gay and festive fellow, named S. F. Montgomery, was indicted at the October term of the District Court on the charge of seduction, but managed to avoid arrest. On Tuesday last Sheriff McAuliff overhauled him some five miles beyond Waitsburg, when he gave bonds in the sum of five thousand dollars for his appearance at the next term of the District Court.

Mr. James Monaghan is just down from Colville, and from him we learn that business in the valley is quiet. No communication has been had with the Big Bend country, and as a consequence, there is no mining news from that quarter. A gang of men had gone up to raise the steamer *Forty-Nine*, and it was thought they would succeed. Miners on Rock Creek had met with fair success, and considerable gold had been taken out. Politics was the all-absorbing topic in Colville valley, and both parties were marshaling for the fray.

[From the Walla Walla Union, May 14.]

The M. E. Church, on Walla Walla Circuit, will hold a campmeeting on the premises of S. M. Titus, on Mill Creek, commencing Friday, the 27th inst., and will continue over the following Sunday.

This week we have seen quite a number of wagons pass through town on their way towards the eastern portion of our county. They came from the States to Kelton by rail, and from thence here with teams. They will probably settle not far from here, and are only the forerunners of a heavy influx of population. There is a plenty of room and a welcome for all such.

The last Legislature passed a law which will work a great hardship on the farming portion of our people. The law we refer to is the one which governs the collection of taxes and makes the taxes collectable by distress in two or three months from this time, which will be right in the middle of harvest—a time at which farmers are always in close circumstances. This thing of compelling farmers to pay their taxes before they can possibly sell their crops, is a most unjust thing and should be mended.

[From the Boise Statesman, May 10.]

Messrs. Montgomery, Alexander and Gibbs, who have been prospecting on Boise river all winter, finally struck a rich gulch on this side about ten miles above town, near Sheep creek, which prospects from twenty five to fifty cents to the pan, coarse gold. There are several other gulches near by that also prospect rich. Nine hundred dollars have been taken out of the discovery claim. Mr. Gibbs, who gives the above information, is down endeavoring to get help to bring in a ditch of water. These new mines are said to be extensive.

[From the Owyhee Avalanche.]

It is reported that old Winnemucca has joined the Shoshones and will fight the whites to the bitter end.

The Ida Elmore chute is full of rich ore waiting to be taken to the mill. Splendid rock is being taken from the lower level.

High water prevents placer mining to advantage in the creek, but is being prosecuted with vigor, in Blue, Jacobs, Slaughter House and other gulches.

Mr. Peak struck a rich chimney in the Potosi yesterday. We examined some of the quartz which is of a light color and completely matted with gold. It is good for the blues.

Mr. Smith, of the firm of Smith & Brainard, Jordan valley, had his shoulder dislocated on Wednesday by a wagon on which he was riding running off the grade. He had it replaced and is getting along well.

The Baxter under the manipulation of Wilford, France & Co., is yielding rich ore. A two pound specimen presented to us by Mr. France, is beautifully studded with ruby silver, interspersed with the crystalized mineral.

The Golden Chariot is now in fine shape for working. The lower stopes are yielding ore exceedingly rich, the best of which is being put up in sacks to present a waste of mineral. There is all present, over 200 tons in the chute.

A duel in Indiana was averted by one of the principals fainting when brought to the scratch, the other magnanimously refusing to "shoot a sick man."

The Wisconsin Legislature has chartered an aggregate of 3,500 miles of new railway, to be built as soon as the "stuff" is got together.

One hundred Chippewa Indians have offered their services to the Canadian Government in the Red River expedition.

## MISCELLANEOUS ITEMS.

The most bitter attacks against the woman suffrage question have been written by women.

It is said that the "Lightning Calculator," who used to be at Barnum's Museum, has recently died from a rush of brains to the head.

Mr. Fish denies that the English Minister has entered a protest against our Darien ship canal survey. Suppose he had protested, what then?

A new hotel has been opened at the foot of the Catskill Mountains, and the proprietor asks the moderate price of fifty dollars apiece for his rooms.

Mrs. John Wood has become so worn down with her double duty as manager and actress in London, that her physicians have compelled her to a temporary retirement.

Mr. Horace N. Congar has resigned the Secretaryship of the State of New Jersey, to accept the Vice Presidency of the Newark Life Insurance Company, at $7,500 per annum.

The reduced price of gold will probably induce a great number of Americans to go to Europe this summer, and at the present rates of board at the fashionable watering places it will prove the least expensive.

A lady up town is so very peculiar that she will not allow a gentleman to visit her who wears either a moustache or whiskers. She got up and went out of church a few Sundays ago, because the Minister who preached wore gloves and eye-glasses.

It is said that the reason American girls fade so early and have such poor complexions naturally, is because they eat late dinners and suppers. An old Spanish proverb says in reference to this fact: "A little breakfast is enough; enough dinner is but little; a little supper is too much."

A young lady was dreadfully poisoned the other evening, by wearing a tarletan dress trimmed with ruchings of green tarletan. She was taken with convulsions, and was carried home in the most dreadful suffering, and for some days her life was despaired. The doctors say that the green tarletan in the dress contained arsenic enough to kill three men. Young ladies, beware!"

The American Woman Suffrage Association, formed at Cleveland, has been invited by Grace Greenwood, Henry Wilson, George W. Julian, Mrs. Southworth, and thirty or forty other residents of Washington, to hold a convention in that city some time in the month of May. The invitation will probably be accepted, and the time changed to next winter, when Congress is again in session.

Judge Shackleford, of Mississippi, released the murderer, Yerger, from jail, on the ground that the murder was committed "in the heat of passion." This, we believe, was the case with the first murder on record. If Cain could only have lived in this advanced age, how much easier he would have felt over his little affair with Abel, the account of which used to make us shudder in our schoolboy days. Between the defences of "insanity" and the "heat of passion," murderers are the safest class of our criminals."

Mr. Wendell Phillips, like a great many other men of less ability, imagines that, if he had money enough he could make the best paper extant. He pays the New York *Herald* the tremendous compliment of saying that with $10,000,000 he could establish and run a better daily than Mr. Bennett does with a million and a half, or so. The *Herald* says, however, "we should like to see him try it, and we should be glad to hear of his raising ten millions for the experiment; for we think the experiment would prove that other things besides money are essential to the building up of a popular newspaper.

This is a great country and is not yet "all fenced in," but it soon will be if the present flood tide of immigration continues long. Not long since, in one day, no less than five thousand and thirty-two immigrants arrived at New York in five different steamers, from English, French and German ports. And simultaneously it was stated by a cable dispatch that ten steamers were to leave the port of Liverpool alone, taking out six thousand five hundred emigrants. When we bear in mind the fact that thousands of emigrants take passage in sailing vessels, we can realise the force and extent of this grand movement of humanity westward.

The St. Paul *Press* of the 29th ult. publishes the correspondence between Allan Melville of New York, a holder of a portion of the repudiated Minnesota State bonds, with Gen. B. F. Butler. Melville states that as Minnesota is rich, but won't pay and won't arbitrate, and won't consent to be sued by the bondholders, there is but one other way—have her sued by some other State of the Union. He asks Ben Butler if Massachusetts, for the honor of the whole American people, will accept a respectable amount of the bonds for some charitable purpose, and make an example of this great Northwestern republic. If she will, he says he thinks he can procure the gift to be made for that purpose. Butler replies that most probably Massachusetts would accept an amount of $100,000 or over of bonds for the support of her State charities, and undertake to collect them by suit.

Miss Kate Field, discoursing of female employments and the "unfeminine," says "that ten years ago every female human being taller than an infant, that wore a round hat, was considered unfeminine. Now, round hats are poised on the most fashionable noses, at an angle that would drive Euclid wild. Lecturing to-day occupies the position formerly accorded to the round hats. Ten years hence, society will draw the line "unfeminine," say at women who, having too much honest pride to hang as burdens about the necks of their friends or relatives, take up active business and dare to make as much money as their brothers. Evidently society would go to pieces did it not insist upon drawing a line somewhere. To my conscience it is vastly more unfeminine to be guilty of the Grecian Bend, to enamel, to make conquests of men merely for the sake of counting scalps, to indulge in slander, to dress extravagantly, to sit in the parlor, and allow the cook to overdo or underdo everything edible in the kitchen, to feed children on pastry and hot bread, to consign little ones to incompetent nurses—than it is to lecture."

### Nasby Outdone.

[From the Walla Walla Union.]

Below we give verbatim copies of two receipts given by the "P. M. of the Confederate X roads of Umatilla county, which is situated at Weston." The writer is now the Democratic candidate for State Senator, and we think his style and orthography will compare favorably with Nasby's worst.

This man, who is a candidate for Senatorial honors, insists that Weston has no "e" in it when spelled properly, and says that, as he named the place, he "ort too no how too spell it." He is doubtless a representative man of his party, and and a man who can spell Weston without an e, and Oregon without an e, is entitled to go to the Legislature, or anywhere else that the Democracy see fit to send him.

## The Outlook for June

[illegible] to [illegible] great prospective majorities in the fa[illegible] of [illegible] another [illegible] We do not think [illegible] the right [illegible] to [illegible] results [illegible] the [illegible] of Democra[illegible] This is why we have here[illegible] to our Republican friends through[illegible] the State that if the State election is to be Republican it is to be the result of general harmony in the party on State and county nominations and of wise earnest and persistent work To overcome a majority of 1,200 against us is no small job to accomplish unless it were aided by a general revolution in political elements and yet it is not only possible but highly probable that we can and shall do it in the approaching election We have the most positive assurances that Republicans are alive and at work in every county in the State We have entirely reliable information that we will make very large gains in Baker Umatilla Grant and Wasco counties of Eastern Oregon The greatest possible majority conceded to the Democratic candidates east of the mountains by those who have been through that part of the State and ought to know whereof they speak is 500 while many claim that it will be less than that In the counties west of the Cascades we can overcome such a majority as that, with several hundred to spare if Republicans will do all the effective work which they can and ought to do from this time forward. It is conceded that we will gain in Marion from 50 to 75 votes In Linn we will cut down the Democratic majority given to Smith in 1868, from 296 to not over 200 In Lane, we will reduce the Democratic majority of 176 in 1868 to 100 or less In Jackson, two years ago we were beaten 280 votes this year it is conceded that the Democratic majority cannot possible exceed 150 and on the Legislative and county ticket we expect to do better than even that In Josephine, through disaffection of Democrats, we will surely gain We shall gain something in Clatsop, Clackamas and Washington while we shall hold our own in every other county, except it may be Columbia, and it is not by any means certain that we shall lose any thing there We are speaking now of what may be considered indications of a reasonably certain character

It will be seen that by our estimates the vote is brought down to a very close one in the State, and that the result must depend upon the relative efforts of the two parties between now and the 6th day of June We have the prestige of large gains everywhere an unexceptionable ticket, on a platform of excellent principles and declarations as against a Democratic ticket for which a considerable portion of that party cares nothing on personal grounds, running upon a repudiation, anti railroad platform which a considerable portion of the Democracy cannot be brought to support With these advantages we ought to and we can carry the State, if Republicans will work vigorously, persistently and unitedly to the end of the canvass

And here we wish to say in relation to the general canvass, that it is important to look after all the local tickets It is impossible to make a thoroughly effective canvass without pushing the whole ticket, all together, from the highest to the lowest. Trading on the various parts of the tickets splitting and scratching, is demoralizing and dangerous. A vigorous pull, all together for all the ticket is the kind of work to secure success It is a time now for all Republicans to lay aside personal jealousies, if they have any and apply themselves to securing the supremacy of Republican principles by electing the Republican nominees who for the present are our representative men Victory is within reach if only all the men who stand with the Republican party, against the doctrine of repudiation, and in favor of internal improvements, will act now what they profess to believe

### Mr Gaston's Letter

We cannot let the opportunity pass of saying a word relative to the excellent letter of Mr Gaston, written from Washington City and published in the OREGONIAN The letter is a very forcible one, and is valuable both for its statements upon railroad affairs, and for its arguments relative to Oregon politics. It will be seen that Mr Gaston expresses his conviction that Senator Williams has labored faithfully and conscientiously according to his best judgment for the interests of Oregon in railroad matters 'Now that the battle is over, —we quote from the letter,— "and both enterprises are fairly successful mainly by his labors, we should not hesitate to do him full and complete justice' The testimony of Mr Gaston is that Senator Williams has acted in good faith in working for west side interests which disposes effectually of all the slanders of the Democratic press, on this subject, against him

Those portions of the letter which refer to Oregon politics and which protest against the infamous doctrines of the Democratic platform, are very strongly written. Mr Gaston is in a position to see how great a damage would result to Oregon in case the party of repudiation should gain a victory "Your triumph,' says he, addressing himself to Democrats, 'upon such a platform would be a calamity to the State Your Representative and Senator would not only be powerless in Congress but would be an actual damage to prospects for further aid for railroad and other improvements *and they could serve the State best by staying at home* ' There can be no doubt of the correctness of these statements Oregon will lose her influence and standing at Washington, as well as the respect of the whole country if she does not repudiate the party that would commit her to the dishonorable doctrines enunciated at Albany

### Multnomah County

It is very important that the Republicans of Multnomah should realize how much is depending on the result of the election in this county The fate of the State ticket may be decided here and it is almost certain that the result in this county will determine which party will control the Legislature Without the members from this county there is no probability whatever that the Republicans can secure a majority with them the control of the Legislature is almost certainly assured A good Republican majority in this county will probably elect the State ticket and it is morally certain that it will give the Republicans the Legislature and secure the United States Senator It is therefore easy for Republicans to see how much is at stake in this county The importance of victory here cannot be overrated We must work for the best [illegible] will result on State officers and [illegible] the local ticket Republicans should work steadily with these things in view The Legislative and county ticket should receive their undivided support It is quite as good a ticket throughout as has been commonly presented here by either party The men upon it will prove true to the Republican party and the interests of the county and State [illegible] work with the [illegible]

### Reduction of Taxes

As rapidly as practicable ever since the close of the war Congress has been reducing the taxes To illustrate for the fiscal year 1865-6 the amount of internal revenue collected was about half as great as for the fiscal year of 1865-6 Still another reduction of $30,000,000 is now reported To make the matter plain take the following table of receipts of internal revenue for the last four years

| | |
|---|---|
| 1865-6 | $309 226 818 |
| 1866— | 266 027 53 |
| 1867 8 | 191 087 589 |
| 1868-9 | 159 122 249 |

The current fiscal year will close on the 30th June and the receipts therefor will probably be about equal to those for the year 1868-9 But as a further reduction of thirty millions is to be made for the ensuing year, the amount to be collected by internal taxation will be diminished to $130,000,000 or less against $309,000,000 for the year immediately following the close of the war This certainly is a substantial reduction of taxation

### Editorial Notes

S Garfielde delegate to Congress from Washington Territory and a candidate for re election has arrived at Walla Walla and will begin a canvass of the Territory at once

The reduction of the debt for the month of April was much larger than the estimate that was telegraphed here The actual reduction was $11 097 7[illegible] More proof for the Oregon repudiators that the debt can never be paid!

There is a Democratic editor at Oregon City who calls the internal revenue law odious arbitrary and unconstitutional. Is not this a trifle severe on James Madison who gave us an internal revenue law of which the one we now have is a close copy?

The following is the Albany *Democrat's* crow of exultation over the whipped and subjugated *Herald* ' We are aware that prominent journals were once giving to the eighth resolution an interpretation other than that which the Convention intended But they are not doing so now" "That's wormwood for the *Herald*

The first person who employed Chinese in any considerable numbers in Portland was the present Democratic candidate for Sheriff, who several years ago employed a large troop of them in his clothing manufactory and thereby displaced white laborers The present harangues of the Democracy on Chinese labor makes this fact somewhat interesting

An examination of the vote in the House on the Oregon railroad bill shows that only *fifteen* Democrats voted for it These were secured by the personal solicitation of Mr. Smith, who represented that if his Democratic friends in the House should make this a party question Oregon would surely be lost But even this argument was insufficient to bring more than a few of them up to vote for the bill So the bulk of the Democratic vote in the House went against it

The resolution introduced in the Senate by Mr Corbett some time ago to instruct the President to negotiate with the Indians on the Umatilla reservation, with a view of ascertaining on what terms they will relinquish their claim upon the reservation to the United States passed the Senate not long since To defray the expenses of the negotiation $2,000 is appropriated The resolution has not yet been reached in the House We gather this information from Washington correspondence published in the Eugene *Journal*

A beautiful illustration of Democratic financiering is to be seen in the case of Umatilla county The first Treasurer of the county was a Republican, and his accounts are every way correct and perfect The next two were Democrats, and their accounts are in hopeless confusion and their defalcations are somewhere near twenty thousand dollars Both of them, we believe have left the State and their sureties have put their property out of their hands The warrants for this indebtedness are wholly in Democratic hands The case would seem to be an excellent one for 'equitable adjustment,"

We have a letter from a responsible man in Marion county giving a bit of a personal sketch of one Louis Jones who figured some time since before a Portland Democratic meeting as a person who had indignantly refused a bribe to use his mighty influence for the Republican party According to our correspondent Jones is a bilk who found Linn county a good place to emigrate from on account of certain disreputable practices and a Jeremy Diddler who subsequently left Marion county in debt to a poor widow woman for borrowed money Under such a state of facts if Jones or the Democratic party can make any capital out of his pretenses to virtue (!) we cannot find it in our heart to deny him or them the poor consolation

DEMOCRATIC FINANCIERING —By the article in to day's paper entitled startling developments, it will be seen that the Democratic system of financiering [illegible] county has not worked well for any except officers The tax payers have been bled more extensively than in any county in the State but it may [illegible] the wounded pockets and heal their bleeding purse strings to know that the money has gone into the hands of Democratic officers and that Umatilla [illegible] the distinction of being the Democratic banner county of the State But we think they pay pretty dearly for this blessing and this honor The first Treasurer was a Republican and as will be seen, he left more money in the treasury than was sufficient to pay off [illegible] and [illegible] indebtedness, while the only mistake made by him was one of two dollars against himself The next two were Democrats and their mistakes are without number [illegible] are between twelve and eighteen thousand dollars We do not know by which of the two Democratic principles the affairs of that county will be settled repudiation or equitable adjustment — *Walla Walla* [illegible]

The Albany *Democrat* accuses Jas D Fay of being in complicity with O M [illegible] and others of trying to [illegible] and break up the Democratic party in Oregon Fay has been nominated by the Democracy of Jackson county for State Senator and the question arises as to the best authority or who has the best right to say what the 5th resolution of the Democratic platform means Fay or the *Democrat* Fay has received more substantial endorsement from the Democracy than the *Democrat* has, and certainly has just as much right to speak for the party as the organ that accuses him of being a disorganizer Will the *Democrat* please say now whether Fay is a disorganizer or not?—*Jacksonville Journal*.

Samuel A Merritt has been put in nomination by the Democrats of Idaho for delegate to Congress It was decided on the sixth day on the eighty ninth ballot

### Grover's Treachery to Delazon Smith

The following article from the *Oregon Democrat* (Delazon Smith's paper) of July 17 1860 is a pungent satire upon Mr Grover and upon the clique who had flattered his vanity and played upon his ambition to such an extent that, after his defeat by Mr Stout, he conceived the idea of supplanting Mr Smith in the Senate, and was actually used by the clique as the instrument of securing Mr Smith's defeat

One short year ago last May, Bush and the Salem dynasty set up a terrible howl (and as hypocritical as terrible) over poor Grover "Poor rejected and dejected Grover was then a bleeding martyr! After *they* had defeated his nomination for Congress—or, at least suffered his defeat when they could have prevented it as easily as to have turned their hands over—they found it convenient to charge his political death upon Gen Lane, who was five thousand miles distant! And thereupon they set up a most heart rending howl about proscription intolerance one man party Lane boss clique etc etc Grover had been mercilessly slaughtered and he must be avenged and vindicated! Poor Grover had been made a martyr to principle to duty and truth! and he must be gloriously resurrected sustained and honored! The Salem junto fell with Grover and they must rise with Grover He had been grievously wronged and truth justice and the people loudly demanded his elevation and his vindication! His wounded honor and his wounded pride must be recompensed and satisfied! All this the Salem *clique* swore must be done—should be done, and they would see it done! In the mean time prompt advantage was taken of the excitement thus created in behalf of the martyr and runners—paid and pensioned runners—were sent through different counties soliciting signatures to a paper containing instructions to Legislative Representatives to vote for Mr L F Grover for the office of United States Senator It was vauntingly proclaimed that Mr Grover was not only the only man in Congress but in Oregon, who knew much about the 'War Debt' that he knew all about almost anything—greatly excelled his associates in eloquence general ability, virtue temperance probity, honor and truth! In short that he was 'a proper nice man'—had attended to his business, made a most powerful speech in the House (?) and was every way just *the* man to go to the Senate! Well Mr Grover *did* go to the Senate but having imbibed the extravagant opinions concerning himself, which his hypocritical eulogists had expressed in regard to him, he delivered a set, studied, elaborate printed speech all about L F Grover from which it would appear that L F Grover attended to, voted for and dispatched more business during the eighteen days he occupied a seat upon the floor of the House of Representatives, than any other member had during that entire Congress besides preparing able and elaborate speeches for the Honorables Stephens, Hughes, and others! And in the mean time, he gave (according to his Polk county speech) powerful aid and support to the Administration of the Federal Government

But what has become of Mr L F Grover? And what has become of the admiration and zeal expressed and manifested for him by the Salem Inquisition? Since that Polk county speech he seems to have gone out like the burnt hole in a blanket! Oh! how Marion county and the Salem clique loved Grover How they have *vindicated* him At their County Convention they seem to have forgotten their former high admiration and great love for Mr Grover, and to have gone a sighing after strange divinities! Nesmith and Williams are instructed for and the martyred Grover is not once named!

ODD FELLOWSHIP.—Our citizens are aware of the fact that a Grand Lodge of the Order of Odd Fellows is in session in this city, but as to the special objects of their work, the public generally is not informed. We all know that one of the chief features of the fraternity is CHARITY, and upon this point the following from the New Age, a journal published in the interest of Odd Fellowship, may not be uninteresting. We quote: "Many and various are the kinds of charity that prevail in this world. There is that which sits at the public board, with a frowning brow and unwilling hand to the shrinking and humble prayer. There is that of ostentation, which subscribes its few dollars, it may be, that its donor's vanity may be gratified by seeing his name at the head of the published list. There is charity of pride, that doles out a subsistence to a needy relation, that his poverty may not disgrace his name. And there is that species of charity (unworthy of the name) which summons to the poor man's house, asks a hundred questions and gadding questions, and bestows at last a dime, or perhaps a tract. But are these to be compared with the benevolence of Odd Fellowship? No! no more than the light of a candle can be compared with the sun in his noonday splendor! Odd Fellowship charity flows from the best affections of the heart—it is free, unbegrudging and sincere. It neither puffs up with vanity the giver, nor humiliates and degrades the receiver. It is marked by principle, forethought and independence. Let us then respect and rejoice in its privileges; seek, with an undiminished zeal to support its dignity, advance its cause, and extend its boundaries. Let us all with renewed earnestness, put our shoulders to the wheel, and with increased zeal, and in close unity, labor to promote and increase the prosperity of the Order. While faction and bigotry rage and fret themselves with the projects of ambition, to the minutiæ of controversy, let us stand our Order keep aloof from them, steadily holding to that practical benevolence which is pure and undefiled religion; assured that among the ever-shifting scenes of this life, an institution that 'feeds the hungry, clothes the naked, ministers to the sick, buries the dead and educates the orphan,' will never want friends amongst good men upon earth, nor fail of the blessing and protection of the Father of Mercies in heaven."

PASSENGERS.—The steamship Moses Taylor arrived from San Francisco last evening, at 9:45, bringing the following passengers: Judge J D Gilman and wife, T McF Patton, R G Sneath, Mrs W J Van Schuyver and two children, Rev Bishop Morris and son, Rev Mr Selwood and wife, W Sprague, E S Smith, D C Lindsley, H O Hale, G A Crew, J A Wiley and wife, Miss Keller, Mrs G H Clayton and servant, H J Jackson, F H Morgan, J Kaufman and family, A Kaufman and family, Geo Stevens, J J Hunt, J Wachsmuth, W E G Macroon, W G Waters, W F Bissell, A S Reid and wife, J Smith, Dr Towle, Capt J W Lawler, W H Bowles, Mrs Walker and two daughters, G H B Cochrane and family, John A Muller, A Pitter, H M Stiles, Mrs J W Parker and two children, A Ennis and family, Jos Horrocks and wife, D F Johnson, D F Pennies, J P Wells and wife, C K Herrick, Miss Jane Clark, Mrs C Quinney, J G Ely and family, L Schloss and family, H S Horton, C Crosby, O S Moxley, Mrs D Miller, Miss J Glan, P Robinson, G Wright, F Wright, F Coben, J P G Lownsdale, W F Stribbs, J T Ross, Mrs M E Eaton, Mrs E A Willis, B Fraser, J Parker and family, Miss C Chamberlin, Mrs J Dam, M McPherson, M McNair, and fifteen others in the cabin, and 150 in the steerage.

SUMNER UNION CLUB.—The colored citizens of Portland having effected the organization of a Club for political purposes, submit the following report of organization:

FINE BEEVES.—Mr. Booth, of the firm of Booth, Foss & Borst, doing business at Seattle and Port Townsend, W. T., passed through this place on Monday with a large band of very nice beef cattle. We understand these cattle were purchased expressly for their markets. If they are a specimen of the quality of beeves that this firm usually purchase for their customers, the people of Puget Sound must certainly have fat [illegible] ... it came down yesterday.

BRIEF MENTION.—The Portland Yacht Club will hold their third meeting of the second season this evening.

A quantity of fire brick on Couch's wharf are growing to grass.

Recollect the real estate sale to-day, by A. B. Richardson. See advertisement.

The Admiral has finished discharging cargo and will load lumber at Oak Point.

The ferry boat Portland is making her regular trips every half hour, until 11 o'clock P. M.

J. A. Bachtel is preparing a photograph the Grand Officers of the R. W. G. L., I. O. O. F.

The Fire Yankee, Capt. Wiggin, is now at sea for this port, having sailed from San Francisco on Monday.

L. A. Daugherty is offering $1 50 a day and board, for men to work on the O. and C. R. R. at Mollala.

The Grand Lodge, I. O. O. F., will visit East Portland to-day, at 2 o'clock; not as a Lodge, however.

Judge Lansing Stout, J. H. Reed and A. E. Wait made Democratic speeches at Oro Fino Theatre last evening.

Mr. Philip Metchan of Canyon City paid us a visit last evening, bringing cheering intelligence from Grant county.

It is said that Gen. Canby will leave for this city, July 1st, to take command of the Department of the Columbia.

A colored man who is lying dangerously ill at the Hospital, receives many visits from his friends on this side of the river.

A man lost two of his toes on the left foot by getting tipsy and exposing them upon the railroad track above Oregon City on Monday.

Electa Chapter No. 3, Adoptive Masonry, is being organized in this city. A meeting will be held at Masonic Hall on Saturday evening.

Messrs. Ferry & Russel yesterday negotiated the sale of eight lots, to five various parties, aggregating the value of $5,150, Portland city property.

The Senator, Capt. C. H. Kellogg, has resumed her regular trips between this city and the future Lowell, passing the future Pittsburg at 7½ A. M. and 3 P. M.

The Park street improvement was completed yesterday, on Couch's addition. This street will be decidedly the most handsome promenade on this coast in a few years.

An office will be opened at East Portland Bank for the transaction of business on the line of the Dalles and Umatilla telegraph, owing to the defective cable at this point.

A new-fangled spring wagon, imported, with more patents about it than we have ever seen on one vehicle, was the subject of much critical comment on the P. T. Co.'s wharf yesterday.

Capt. Cy. Smith, of the new steamer Calliope was in town yesterday. The Calliope will leave Canemah for Corvallis to-morrow, and her owners expect to place her in regular trade immediately on the upper Wallamet.

PLAZA PROGRAMME.—The following selections will be performed at the Plaza this evening by the 23d Infantry Band, at 6:30:

1. Quickstep, "An Avant."
2. Drum Polka—Jullien.
3. Cavatina, from Roberto Deveroux, "Pure as an Angel from Above"—Donizetti.
4. The Pearl River Quadrille.
5. Polonaise—Faust.
6. Duetto from Lucrezia Borgia—Donizetti.
7. Song, O ye Tears—Abt.
8. Galop, "Shoo Fly!" don't bother me.

CREDIT TO THE MUSICIANS.—The Amateur Band of musicians which accompanied the Sabbath schools on their railroad excursion last Saturday did not come in for their share of credit. It is but fair to say that these young gentlemen acquitted themselves well, and made the affair still more pleasant by their musical efforts, and which was gratuitously.

HATTIE BESSIE ARRIVED.—The Hattie Bessie, which left Hongkong on the 2d of last month for Portland, was reported in the Columbia last evening, at Oak Point, in tow of the Okanagon. She has made remarkably good time, completing the the round trip in less than six months. Certainly the vessels in the Oregon trade meet with favorable winds at sea.

SHORT STAY.—The brig Admiral, Capt. Smith, first officer Young, commenced discharging on Monday morning, and completed yesterday at 3 o'clock P. M. As she will leave this morning in order to receive cargo for her outward voyage of lumber her stay in this port is rendered very brief.

ANOTHER VESSEL IN.—In addition to the Hattie G. Bessie, reported in tow of the Okanagon, last evening, we understand that the Astoria was in the river coming up with a vessel in tow. It may be the Ida F. Taylor, from New York, or one of the foreign vessels now about due.

SPEAKING TO-NIGHT.—This evening, at the Republican Headquarters on Front street, speeches will be made by C. A. Ball, Esq., Wm. Pickett, Esq., and Hon. J. N. Dolph. The 23d Infantry Band will be in attendance, and everybody is invited.

ORGANIZED.—The Portland Bridge Company made its final organization on Monday evening. Messrs. L. M. Starr, H. Failing and Phil. Wasserman were chosen Directors; L. M. Starr, President; Dr. A. M. Loryea, Secretary.

THE RIVER.—The Wallamet at this point yesterday stood about even to the rise of the day previous. The weather at Umatilla was cool yesterday, and the Columbia falling—also at the Dalles the same.

THE PLAINS ACROSS.—A family of immigrants from Sheboyagan, Wisconsin, arrived in this city on Monday evening. They came through from Kelton with their own team.

PROTECTION AT THE WEST.—A large majority of the western people are protectionists, and the minority is becoming smaller every day. There is a great deal of misapprehension on this subject in the East, growing out of the fact that leading journals of our great cities, supported by dealers in foreign goods, are free traders. People in the East do not know that our country press is nearly all in favor of protection. While dealers in foreign goods, moreover, in our large cities are naturally free-traders, our largest and best merchants who deal in American products, are mostly in favor of protection. The president of the Board of Trade in St. Louis (Major Shryock) is a protectionist; so is Mr. Lewis, the president of the Merchant's Union Exchange. The Governor of Missouri, moreover, is a protectionist. So much for this State.

In Iowa, it is well known that two life-long protectionists have recently been elected to the United States Senate; and Minnesota stands on a protective tariff platform. It will be seen, therefore, that the three great States west of the Mississippi are decided protectionists. So also are the three great States east of us. Illinois, Indiana and Wisconsin. The great newspapers in the great cities may make it appear otherwise to distant people, but it is nevertheless true. It must, from the nature of things, be true. The western people are just beginning to build up their industry. They want fair play, and foreign competition. They do not use foreign competition. They do not use foreign goods, as the people of the East do, but wear home made clothing, and are not only satisfied with it, but are proud of it. We intend, as soon as possible, to make all we want in every department of life.

Woolen factories are going up all over this country, and soon we shall go into cotton manufactures. Iron works are multiplying on every side, and now we are going into the manufacture of iron and steel rails, and shall soon be able to supply all the Western railroads. Protection to home industry is, therefore, to be hereafter the great economical doctrine of the West. Even to-day, the Western people are more in favor of a protective tariff than the Eastern. There is good reason for it; our industry is still in its infancy; that of the Eastern people well established. They can endure foreign competition; we cannot, nor will our people permit it, as the next elections of Congressmen will show. The free-traders will be left at home and protectionists only will be returned. With our increased representation, Congress will then be more protectionists than ever, and the American people will enter upon the high road which leads to a great, rich, independent, and powerful nation.—St. Louis Tribune.

PERSONAL.—That young man whose father is a School Teacher, can learn something to his advantage by calling at the City Surveyor's office.

Newspaper Statements,
HOW THE PEOPLE TEST THEIR TRUTH.

This is not an age when people believe or trust whatever they see in the public journals. Fifty or sixty years ago when the accuracy of a statement that had appeared in one of the gazettes or "News Letters" of the day, was questioned, it was considered a sufficient answer to all cavil to say, "It must be so, for I read it in the newspaper." It is not so now. Newspaper assertions must be verified before they are taken for granted, and this is especially the case as regards statements setting forth the remedial properties of Proprietary medicines. For example: It was not until the tonic and alterative properties of Hostetters Stomach Bitters has been deliberately and thoroughly tested by thousands, and found to be in perfect accord with the printed claims put forth in its behalf, that it was accepted by the public at large as a Standard Remedy. But when multitudes who had resorted to it as a safeguard against malarious fevers, a cure for indigestion and biliousness, a means of strengthening the frame, cheering the spirits and imparting constitutional vigor, came forward and testified that its beneficial effects had exceeded their most sanguine expectations, of course the world believed. To resist such proofs was impossible. Great care had been taken from the beginning not to overstate the merits of the Bitters. Exaggeration and bombast have been the death of many preparations that might otherwise have survived. They were "weighed in the balance and found wanting." Hostetter's Bitters, on the contrary, have never been announced in grandiloquent language as a cure for every bodily ill, but simply as a pure harmless vegetable specific possessing remarkable invigorating, regulating, antibilious and antiseptic properties. This is exactly what the public know the medicine to be, and its enormous sales is an argument in its favor.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities, CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excitable cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

FREE LOVE.

We love our patrons, both large and small;
No choice of sex—we love them all.
If it chances to be a luckless wight
No matter, so the "chink's" all right;
If it chance to be a worthy man,
We'll trust him, on the fortnight plan,
But would prefer, if the same to him,
To sell him goods for the ready tin.

Send on your orders, send on your chink,
By sending the money you're saving the ink.
No danger in sending by your children or wife—
We're all of us married and settled for life.
Our love is on the golden plan,
We love the lady as well as the man;
We're partial to none—American or Briton—
The money's "what's the matter with Hannah."

Come with your bacon, butter and beans;
Come with your lettuce, cabbage and greens;
Come with your chickens, lard and honey,
We'll exchange you goods or pay you the money.
One thing bear in mind—if love's labor is lost—
We never sell goods at less than their cost,
And when reading our sign, reflect that below
Is all hunorates from Mr. OATMAN & CO.

*[illegible] of common carrier [illegible] the [illegible] [illegible] in good order the carrier may [illegible] secretly [illegible] [illegible] sufficiency and [illegible] [illegible]*

U S District Court—District of Oregon Mon day May 16 1870

[illegible] et al vs steamship *Idaho* N P T Co Claimant In Admiralty

This suit was commenced on November 6 1869 to recover $460 damages for the non delivery of certain high proof spirits shipped on the *Idaho* at San Francisco for the port of Portland

From the evidence it appears that the Libellants on October 29 1869 at San Francisco shipped on the *Oriflamme*, to be delivered at Portland two pipes of spirits 90 per cent above proof One of the pipes was delivered in good order The other was found on the wharf at Portland about an hour after it had been discharged from the ship by the drayman of the Libellants lying on its side and leaking around its chime at one end so as to drip freely from the lower side of the chime upon the wharf The drayman informed the libellants of the condition the pipe was in and one of the latter went down to the wharf with the former and finding the pipe leaking as above stated, set it upon end when it stopped leaking Thereupon the Libellant called the attention of the freight clerk purser and wharfinger to the condition of the pipe and it was arranged or agreed between the Libellant and clerk and purser that the pipe should be taken to the store of the former and the amount of the loss ascertained with a view to making a reclamation for the loss The pipe contained 125 gallons or what was equal to 237 50/100 gallons of proof spirits At the store the contents remaining were pumped out and it was found that 91 gallons or what was equal to 172 90/100 gallons of proof spirits was lost The purser accompanied the pipe to the store and the bill for the leakage was immediately presented to him by the Libelant Hillburg but he declined to pay it without giving any reason for not doing so

A number of witnesses were examined on either side as to the condition and sufficiency of the pipe including two of the Libellants and the master freight clerk and purser of the ship In addition the court with the counsel for the parties examined the pipe

By the bill of lading it is admitted that this and a similar pipe were "shipped in apparent good order" The word "apparent" does not change the legal effect of the bill of lading The receipt of the goods and giving a bill of lading therefor is *prima facie* evidence that they were in good order without an explicit statement to that effect, and in any case the admission is limited to the external or apparent condition of the package so far as the same is open to ordinary observation Therefore if a loss occurs the carrier is not precluded from showing that it proceeded from some latent cause or secret defect in the package But under these circumstances the burden of proof is upon the carrier to show that the goods were not in fact in good order and that therefore he is not responsible for the loss

The pipe in question is about four feet and six inches long and near three feet in diameter at the bilge, and is evidently a second hand one The quarter and bilge hoops have been driven up near an inch, as is shown by the rust marks left upon the staves But this only indicates that the pipe has been in use long enough to rust the hoops on the inside, and that thereby they become enlarged and loosened and required to be driven up The staves are oak and a full inch thick and in a sound condition No worm holes or other defects can be seen in the pipe and no witness testifies to having discovered any There are two hoops at each chime The leakage all occurred at one chime of the pipe and the hoops at that chime have been driven or forced outwardly about ¼ of an inch for at least one half of the circumference of the pipe

From the testimony of the officers of the ship it appears that the pipe was rolled from the wharf on to the deck at San Francisco and then slung with ropes into the lower hold, and stowed fore and aft on a "bed" or pieces of wood laid "athwart ships," but whether there was only a single piece of wood or dunnage under each end of the pipe or more does not appear. On top of the pipe there was stowed case goods for about five or six feet in depth. The leaking condition of the pipe was not noticed by the officers until after it was discharged at Portland, but the first officer testifies that he stowed it and that its position was not changed during the voyage, and that he noticed the deck was wet where it laid

Holler, the Master, testified that he examined the pipe on the wharf at Portland, and that there was putty or clay packed around the chime of the head where the leak occurred and painted over and that the motion of the ship had started this putty or clay out and caused the leak. This is the only witness for the claimant that attempts to account for the leak in this way, but my own inspection of the pipe concurs with the testimony of the other witnesses that there was no putty or clay or anything of the kind in the chime of the pipe The freight clerk did say that in San Francisco when he was receiving the two pipes on the wharf that he "thought once that one of the heads was cracked and covered up with mud or putty and painted over But which head it was and of which pipe and whether he thinks so still, he does not testify As he receipted for both pipes in good order, it is not to be presumed that he *then* thought that either head of either pipe was cracked and covered up with mud or putty

Wormser, of Wormser Brothers, of San Francisco, testified that they shipped these two pipes to libellants, and that they were full and in good condition; That they purchased them of the California Commercial and Manufacturing Company and had had them in their possession about a month, during which time they never leaked

Rottler, a cooper called by claimant, testified that he had examined the pipe at request of one of the officers of the ship, and that he thought the staves rather light for such a large cask, and in his opinion this was the cause of the leakage.

Hulery, a cooper called by the Libellants testified that on November 4, he examined the pipe in question, at the request of the claimants and that it was sufficient to carry high proof spirits That the pipe had been stowed with only two bearings, each about half way between the bilge and the chime, and that the weight of the pipe and the freight upon it had pressed the staves in at this point, where it lay upon the dunnage and thus opened them at the chime which caused the leak, and that a pipe of this size should be stowed so as to have four bearings He also stated that the chime hoops at the end where the leak occurred, were not up to their place by one fourth of an inch

The loss of the spirits is established beyond controversy, and the bill of lading shows that apparently the pipe was in good order was a proper and sufficient vessel in which to ship the spirits This makes a *prima facie* case upon which the Libellants are entitled to a decree unless the Claimant overcomes it by proof to the contrary It is not sufficient that the evidence should raise a doubt as to the sufficiency of the cask, it must establish the fact that it was not in good order Otherwise the admission in the bill of lading must be considered as true.

The evidence before the Court does not in my judgment establish that the pipe was insufficient in any particular, but rather the contrary The loss must be presumed to have occurred from the negligence or unskillfulness of the carrier or his employés. It is not necessary to determine how it was done, although it is highly probable that it occurred as suggested by the witness Hulery And here I must remark that it does not speak very well for the diligence and care of those having charge of this package that it should have been discharged upon the wharf and left to lie there on the bilge with the contents dripping out at the head, until it was found and set up by one of the Libellants and his drayman

Consequence in this connection is sought to be given to the clause in the bill of lading whereby it is agreed that the [illegible] is not accountable for leakage or breakage arising from improper or defective packages or cask

But this provision does not alter the law or affect this case The Claimant would not be liable for a loss arising from improper defective packages of casks whether this clause was in the bill of lading or not The question here is did the leakage occur because the pipe which contained the spirits was an improper one or defective? The burden of proof is upon the claimant to show that the loss arose from the insufficiency of the cask

The only direct evidence in the case against the sufficiency of the cask is the expression of Rottler, that he *thought* the staves were too thin for such a large cask No reason is given for this opinion nor did the witness attempt to state how thick the staves should be Thick and thin are relative terms and have no particular signification unless used with reference to some limit or established standard of thickness or thinness Of course upon this point I make no account of the story of the putty mud in the chime as that is evidently a mistake Hulery who impressed me with his fairness and intelligence thought the cask a sufficient one and stated that it was usual to ship high proof spirits in such casks Upon this question of the strength of the staves some weight ought to be given to the fact that the manufacturers in San Francisco put these spirits in this cask in the course of their business and that the wholesale dealers shipped them in this condition to their customers in Portland after the pipe had been in their possession and under their eye for a month [illegible] to [illegible] [illegible] [illegible] was a matter within the ordinary of [illegible] [illegible] of both the manufacturers [illegible] dealers [illegible] [illegible] have [illegible] the [illegible]

[illegible] [illegible] March Term 1 [illegible] the case [illegible] upon the question whether the shipping of the staves in [illegible] [illegible] cask whereby the contents leaked [illegible] [illegible] [illegible] insufficient [illegible] [illegible] cask or [illegible] [illegible] or a wage by the carrier The [illegible]

[illegible] [illegible] [illegible] [illegible] the [illegible] the question of fact [illegible] [illegible] [illegible] [illegible] the [illegible] [illegible] different [illegible] The [illegible] [illegible] shows that the [illegible] [illegible] [illegible] cask [illegible] leak By their receipt they acknowledged the cask was in good order when they received [illegible] [illegible] less than that [illegible] [illegible] of the staves was the necessary or probable result of the insufficiency of the workmanship or material of the cask so as to prevent the libellants are entitled to recover

So in case at bar the claimants having failed to show that the leakage and loss was the necessary or probable result of the insufficiency of the pipe from lack of strength decay or other defect the legitimate and only conclusion is that it occurred through the fault of the carrier and the libellants must therefore recover

The loss was 91 gallons which reduced to proof spirits gives 172 90/100 gallons This was worth at this port at the time of the non delivery $1 50 per gallon in coin which reduced to currency at 85 cents on the dollar makes the loss $234 73 Add to this six months interest at the legal rate $14 73) and the sum is $300 44 for which the libellants must have a decree with costs and expenses of suit

### REPUBLICAN PLATFORM.

The Union Republican party of Oregon in Convention makes this declaration of its principles and policy

1st Unfaltering devotion to the Union, first last and forever, and unwavering fidelity to the Constitution and its amendments and to the laws of our National Legislature

2d We wholly approve the principles and policy of the administration of President Grant as carrying into practical application the principles for which we have successfully striven And we particularly commend those points in his Inaugural Address wherein he declares—"let it be understood that no repudiator of one farthing of our public debt will be trusted in public places and it will go far towards strengthening a credit which ought to be the best in the world, and I would protect the law abiding citizen whether of native or foreign birth wherever his rights are prejudiced or the flag of our country floats and I will have no policy to enforce against the will of the people,

3d We have confidence that the Administration will wisely and firmly protect the interests and sustain the dignity of the Nation in respect to other nations and especially with regard to our just claims against Great Britain

4th We denounce all forms of repudiation as a national crime—and the national honor requires the payment of the public indebtedness in the uttermost good faith to all creditors at home or abroad not only according to the letter, but the spirit of the laws under which it was contracted And for this purpose we favor a strict economy in the Administration of the National Government and the application to such payment of all surplus revenue from whatever sources derived and that taxation should be equalized and reduced as rapidly as the national faith will permit

5th We make no distinction between citizens whether of foreign or native birth and that we sympathize now and ever with men of all nationalities striving for self government

6th That we are opposed to any change in our naturalization laws which shall admit to citizenship any foreigners not now entitled thereto under said laws

7th We favor a judicious system of railroad and river improvements in Oregon in order to develop our resources and invite settlement of our unoccupied territory and for this purpose insist that Congress should make us liberal grants of land

8th We are in favor of a tariff for revenue which such discrimination as one in favor of our domestic manufactures as will not diminish its efficiency for the purposes of revenue

9th We favor universal amnesty to the people of those States lately in rebellion which have been restored to full relations in the Union

10th We are in favor of fostering the cause of education and are opposed to any diversion of the common school fund of the State to any other purpose than the support of common schools

11th We recognize in the Union Republican party the men in peace and men who saved the Government from destruction and that its continuance in power is the only sure safeguard to national peace and prosperity And with this platform we appeal to the voters of Oregon for their suffrages and support

*Resolved* That we earnestly urge upon the National Government the speedy settlement of our rights to the San Juan and other Islands lying between the Canal De Haro and [illegible] Straits, and the acknowledgment by Great Britain of our just claim thereto and the importance of pending negotiations for the purpose of securing the annexation of British Columbia to the United States

*Resolved* That the North Pacific Railroad and its branches is a work of national importance hence we call upon the General Government for the most liberal aid and assistance to insure its early construction and completion

NEW REMEDIES NEW REMEDIES

Dr Gibbon's Dispensary,

623 KEARNEY STREET NEAR COMMERCIAL, San Francisco Established in 1854, for the treatment of Sexual and Seminal Diseases such as Gonorrhea Gleet, Stricture, Syphilis in all its forms Seminal Weakness Impotency etc Skin Disease [illegible] years standing and Ulcerated Legs successfully treated

**Horrible Diseases**

How many thousands of persons both male and female are there who [illegible] suffering a miserable existence from the effects of [illegible] [illegible] diseases from virus absorbed into the system! Look at their pallid emaciated and disfigured faces; at their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life In such horrid situation should a disease [illegible] [illegible] [illegible] [illegible] [illegible] parents guardians friends attend to those who are suffering with any of these horrible destroying maladies—see that they are cared for and cured before it be too late Send them immediately to Doctor Gibbon a physician who has made [illegible] [illegible] his special study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who in fact advertise publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from European and other places Be therefore careful and make strict inquiry or you may fall into the hands of those [illegible] [illegible]

**Seminal Weakness.**

Seminal Emissions the consequence of self-abuse. This solitary [illegible] [illegible] depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures [illegible] [illegible] countenance dark spots under the eyes pain in the head, ringing in the ears noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs, confused vision, blunted intellect loss of confidence diffidence in approach [illegible] strangers a dislike to form new acquaintances, a disposition to shun society loss of memory hectic flushes pimples and various eruptions about the face, furred tongue [illegible] foetid breath coughs consumption night sweats monomania and frequent insanity. If relief be not obtained [illegible] [illegible] supply immediately either in person or by letter, [illegible] [illegible] [illegible] cured by his new and scientific mode of treatment [illegible] disease which never fails of effecting a quick and radical cure Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by either of the San Francisco [illegible]

**MARRIED MEN;**

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay obtaining immediate relief

DOCTOR GIBBON is responsible and will give to each patient a written agreement binding himself to effect a radical and permanent cure or make no charge

**CURED AT HOME.**

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon stating case, symptoms length of time the disease has continued and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use for Ten Dollars sent in registered letter or through Wells, Fargo & Co

**Caution to the Unfortunate.**

Beware of the San Francisco quacks and pretenders who will [illegible] bogus sworn certificates dupe the unwary Some of these self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades; Some are tinsmiths shoe makers newspaper carriers intelligence office keepers etc Look over the San Francisco Directory and you will not find their Medical Institutes in it but you will find their former occupation in it Look at the Directory for 1861 and 1862 The only way to avoid imposition is to make enquiry—It will cost you nothing, and [illegible] [illegible] many regrets for as advertising physicians in [illegible] [illegible] [illegible] of ten are bogus there is no safety in trusting any of them until you know who and what they are Dr Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters etc Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he professes to cure

Address DR J F GIBBON 623 Kearney street, corner Commercial, (Private Entrance on Commercial) San Francisco, Post Office Box 252.
